* These HTS codes did not fit evenly into one of the aggregate categories and were assigned based upon majority of trade volume.

** These HTS codes did not fit evenly into one of the product categories, thus we placed them into the selected category as 75% or more of the U.S. import volume fell into this category.

*** These HTS codes did not fit evenly into one of the product categories nor did they meet the 75% criteria and thus were placed into an "other" category.

The following codes were removed from the Harmonized Tariff Schedule in 2007 but are still reflected in annual tables for 2006 and earlier years:
